MEMORIAL DESIGN

The design of the memorial includes five significant pillars which surround a center stone:

Granite Center Stone:
This is the primary focal point of the memorial. This stone has the names of Cuyahoga Falls and Silver Lake Police Officers killed in the line of duty engraved upon it.

Top Point of Star Pillar:
This pillar has engraved upon it the names of Cuyahoga Falls and Silver Lake Police Officers killed in the line of duty, while serving in the armed forces, in service to our country.

East & West Pillars:
These pillars are engraved with the names of Cuyahoga Falls and Silver Lake Police Officers who have passed away, Officers of other departments who at the time of death were members of Ohio FOP Lodge #49, and those Officers who passed away while still active for reasons other than in the line of duty.
